

I am in disbelief
that this type of
action could happen
in America! This
goes against all
laws and regulations
laid down by the
constitution for
free press and a
free America. It
also goes to show
the extent with
which big media has
endangered the
America.

We will not allow
Sinclair
broadcasting to turn
America into a
country like Iraq or
Afghanistan before
the American
liberation!

I am ordering all of
our facilities to
remove Sinclair
stations from their
receivers until we
are assured that
their broadcastings
are free and just
for the American
people.

Sincerely
